

# PSE10M

NEW!

## Noblelift Electric Walkie Stacker for Light-duty Applications

### INTRODUCTION

- The PSE 10M based on the same reliable components and design-character as the electric stacker ECL series with monomast for perfect view to the loads. It is the cost-effective solution for all light-duty stacking applications.

### Advantage:

- Powerful and reliable Italian Drive Unit.
- Ergonomic tiller.
- Stability through additional stabilizers.
- Maintenance free battery.
- Built-in charger.

NOBLELIFT

### Economic robust handle

Robust but economic handle with steel housing and plastic coating ensures reliable and comfortable operation.

### Stability

4-wheel design with sideways tiller for excellent view and maneuverability as well as high stability.

### Built-in charger

The built-in charger gives higher autonomy during the application.

### Reliable instruments

Battery discharge indicator with automatic lift cut-off function for higher battery lifetime.

### Battery deep discharge protection

### Smart monomast

Numerous trays for storage such as drinks, cell phone, pen and others.

## Easy to maneuver

Smart monomast for good view to the forks from both sides.

## Applications

Ideal economic solution for all indoor low duty and occasional stacking operations.

## Robust profile

Robust mast with real mast profiles for perfect stability, accuracy and high lifetime.

## Powerful batteries

Maintenance free VRLA-AGM batteries ensure longer operations.

## Italian drive technology

Italian drive system for more power, better energy consumption as well as low noise and maintenance costs.

## Fulfilling standards

Fulfilling the actual valid European standards, also in ISO 13849, performance level.
